EXPERIENCE

Tata GenAI Powered Data Analytics Job Simulation

Nov 2025

Virtual Job Simulation

- Completed a job simulation involving AI-powered data analytics and strategy development for the Financial Services team at Tata iQ.
- Conducted exploratory data analysis (EDA) using GenAI tools to assess data quality, identify risk indicators, and structure insights for predictive modeling.

PROJECTS

E-taxpay Multilingual Tax management system for Zila Panchayat of Uttarakhand | [Live](#)

Tech Stack; React.js, Express.js, Supabase , Javascript.

- Collaborated and led backend efforts within a **team of 8 members**, coordinating development tasks and ensuring smooth integration across modules.
- Developed **secure RESTful APIs** with **Role-Based Access Control (RBAC)**, enabling admin-level analytics (e.g., district-wise payment data) while enforcing strict data privacy.
- Implemented **secure payment workflows (Razorpay)** with webhook verification and fraud prevention mechanisms.

IoT Enabled Smart Class Smart Attendance Management System

- Contributed to development of a **smart attendance system** integrating **IoT devices (Fingerprint, RFID, ESP32, Raspberry Pi)** with a web app using **React.js, TypeScript, and Node.js (Express)**.
- Implemented **biometric-based attendance tracking** and an **admin dashboard with analytics charts**, significantly reducing proxy attendance and enabling real-time insights.
- Part of the development team for a project that **secured 1st Prize at a State-Level Hackathon**, with core members representing the final presentation.

macOS-Inspired Portfolio (React, GSAP, Zustand) | [Live](#)

- Engineered a fully interactive **macOS-like portfolio environment** using React and Vite, simulating a desktop OS with Dock navigation and window-based application management.
- Implemented **global state management using Zustand to handle window lifecycle, active states, and file navigation efficiently**.
- Applied **component-based architecture and reusable HOCs** for scalable app development and consistent UI patterns.

EDUCATION

Government Polytechnic College

2023 – 2026

Diploma in Computer Science and Engineering

Kashipur, Uttarakhand

- Achievements:** Secured **3rd rank** in Codex Hackathon 2024 as a part of 5-member team.

SKILLS

Languages : Python, JavaScript (React.js), HTML/CSS, SQL (PostgreSQL, MySQL)

Tools : Figma, Github, Vercel, Cursor, Claude
